ANSWER KEY

Lab 5 Follow TCP Stream, part 2

Capture the traffic in Wireshark (Windows 11 PC, sign in with the password networkwalks) and follow the solution steps below.

Task 1. Capture the traffic — 10 marks

Sign in to the Windows PC and capture the network traffic. How many packets did Wireshark capture?

Answer: 282

Solution: Sign in with the password networkwalks, double-click Wireshark on the desktop, then double-click the WiFi interface. The status bar shows Packets: 282.

Task 2. Find the pages — 10 marks

A staff member opened five pages on the company intranet. An admin says one of these pages has a hidden note inside. Which page is it?

Answer: /staff.html

Solution: Filter

```
http
```

, then follow the streams. In /staff.html you see a line that starts with <!--. That is the hidden note.

Task 3. Where is it hidden — 10 marks

The hidden note is not shown to the person who opens the page in a browser. Where is it hidden?

Answer: An HTML comment

Solution: The note sits between

```
<!--
```

and

```
-->
```

. That is an HTML comment. Browsers hide it, but Wireshark shows it.

Task 4. Find the stream — 10 marks

Which TCP stream number carries the /staff.html page?

Answer: 7

Solution: Right-click the GET /staff.html packet, choose Follow › TCP Stream. The bottom of the window shows Stream 7.

Task 5. The code word — 10 marks

The hidden note has an access code word. What is it?

Answer: Falcon-9921

Solution: The comment says “access code Falcon-9921”. The code word is Falcon-9921.

Task 6. The backup server

10 marks

The note also names a backup server. What is its IP address?

Answer: 192.168.10.77

Solution: The comment says “backup server is 192.168.10.77”. The IP address is 192.168.10.77.

Task 7. Which direction

10 marks

In the Follow TCP Stream window, the hidden note is in the blue text. Which way did this text travel?

Answer: Server to client

Solution: The note is in the blue text. Blue is sent by the server, so it travelled from the server to the client.

Task 8. Status code

10 marks

What HTTP status code did the server send for the /staff.html page?

Answer: 200

Solution: The first blue line is HTTP/1.1 200 OK. The status code is 200.

Task 9. The downloaded file

10 marks

The staff member also downloaded a plain text file from the /download/ folder. What is the file name?

Answer: report.txt

Solution: Filter

```
http.request.uri contains "download"
```

. The GET line shows /download/report.txt. The file is report.txt.

Task 10. Who made the report

10 marks

Follow the stream of that text file. Who prepared the report?

Answer: Nadia

Solution: Follow the report.txt stream. The text says Prepared by: Nadia.

SUMMARY

Hidden note page: /staff.html (stream 7)
Hidden text: HTML comment from server to client
Code word: Falcon-9921
Backup server: 192.168.10.77
Report: report.txt, prepared by Nadia
